

CLASSIFICATION: 09 Finishes

PRODUCT DESCRIPTION: Danzer Nimbus is a beautiful formaldehyde free technical veneer combining two contrasting true wood species in random plank appearance. The handcrafted look can be bold or subtle, depending on the combination of species. Danzer Nimbus is a perfect option for interiors, seating or any casegood applications.

Section 2: Content in Descending Order of Quantity

This section lists contents in a product based on specific threshold(s) and reports detailed health information including hazards. This HPD uses the inventory method indicated above, which is one of three possible methods:

- Basic Inventory method with Product-level threshold.
- Nested Material Inventory method with Product-level threshold
- Nested Material Inventory method with individual Material-level thresholds

Definitions and requirements for the three inventory methods and requirements for each data field can be found in the HPD Open Standard version 2.1.1, available on the HPDC website at: www.hpd-collaborative.org/hpd-2-1-1-standard

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

No accessories are required for this product.

Section 5: General Notes

Danzer Nimbus is a beautiful formaldehyde free technical veneer combining two contrasting true wood species in random plank appearance. The handcrafted look can be bold or subtle, depending on the combination of species. Danzer Nimbus is a perfect option for interiors, seating or any casegood applications. Danzer's standard range available in-stock combines the following species: American Walnut & European Birch, European Oak & Olive Ash, Sapele & European Birch, Sapele & American Walnut. The product comes cut-to-size in following dimensions (L x W x T): sheet size 1 (8.53' x 2.13' x ≈0.024"), sheet size 2 (10.17' x 2.13' x ≈0.024"). Standard spacing: species 1 - 3 strips of ≈ 0.83", species 2 - 1 strip of ≈ 0.28". Custom spacing upon request. This product is provided in raw form without any paper / phenolic backing. Please contact Danzer with your specific needs for further details.

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:

- a method for the assessment of exposure or risk associated with product handling or use,
- a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and for compliance with the HPD standard noted.
