

# THICK-CUT VENEERS

AUTHENTIC  
VERSATILE  
ECO-FRIENDLY  
ECONOMIC

People like to surround themselves with real wood. A credible alternative to the use of solid wood, e.g. for furniture, are surfaces made from

## **DANZER THICK-CUT VENEERS**

The physical characteristics and visual appearance of products with these surfaces come close to those made of solid wood. The advantages: more product from each tree and lower cost when compared with solid wood.
